Planning for the Challenges Ahead

July 15, 2004

James E. Hartl, AICP
Director of Planning

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**HEARING ON AMENDMENTS TO COUNTY CODE TITLE 22 (PLANNING AND ZONING) RELATING TO EXEMPTION OF SERVICE DOGS FROM THE CURRENT THREE-DOG PER DWELLING UNIT LIMIT IN RESIDENTIAL AND AGRICULTURAL ZONES
(ALL SUPERVISORIAL DISTRICTS) (3-VOTES)**

IT IS RECOMMENDED THAT THE BOARD, AFTER THE PUBLIC HEARING:

1. Consider adopting a General Exemption from CEQA by finding that, on the basis on the entire record before the Board, it can be seen with certainty that there is no possibility that the project will have a significant effect on the environment, find that the General Exemption reflects the independent judgment and analysis of the Board, and adopt the General Exemption.
2. Approve the recommendation of the Regional Planning Commission to exempt service dogs from the current three-dog per dwelling unit limit in residential and agricultural zones.
3. Adopt the attached ordinance, approved by County Counsel, to amend Title 22 of the Los Angeles County Code as recommended by the Regional Planning Commission and determine that it is compatible with and supportive of the goals and policies of the Los Angeles County General Plan and the County's Strategic Plan.
4. Find that the adoption of the proposed amendments to Title 22 of the Los Angeles County Code is *de minimus* in its effect on fish and wildlife resources; and authorize the Director of Planning to complete and file a Certificate of Fee Exemption for the project.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This proposed ordinance amendment has been prepared in response to your Board's motion on March 30, 2004. The motion instructed the Department of Regional Planning

Honorable Board of Supervisors
July 15, 2004

and the Department of Animal Care and Control to make changes in both Title 22 (Planning and Zoning Ordinance) and Title 10 (Animal Ordinance) to exempt service dogs from the current three-dog per dwelling unit limit in residential and agricultural zones.

Your Board stated that service dogs provide a vital resource to persons with disabilities. You also expressed concern that service dogs are not exempt from the current three-dog per dwelling unit limit in residential and agricultural zones, creating difficulty for individuals who reside in a dwelling unit that already has three dogs and who also have the need for a service dog. Consistent with your concerns, the attached proposed ordinance exempts service dogs from the current three-dog per dwelling unit limit.

Given that the Department of Animal Control has been instructed to make related amendments to Title 10 of the County Code, both this amendment and the Title 10 amendment will be heard as related items at your Board proceedings on the same day.

Implementation of Countywide Strategic Plan Goals

This proposed ordinance promotes the County's Strategic Plan goals of Service Excellence and Children's and Families' Well-being. The ordinance provides an allowance for service dogs that will increase access to public places and services for persons with disabilities.

FISCAL IMPACT/FINANCING

The proposed ordinance does not include any financing proposals. Additionally, the proposed ordinance would not affect the County's workload or levels of revenues and expenditures.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Federal Americans with Disabilities Act prohibits discrimination against persons with disabilities. The Code of Federal Regulations goes further to require that public entities, including local jurisdictions, provide for reasonable accommodations to persons with disabilities in adopting their codes and regulations. The Code goes further to recognize service dogs as providing reasonable accommodation for certain persons with disabilities. The Federal Fair Housing Act also prohibits discrimination against persons with disabilities in rental and public housing, and requires owners of such housing to permit service dogs even where a no-pet policy has been previously established.

Consistent with these laws, an exemption of service dogs for disabled persons from the current three-dog per dwelling unit limit in residential and agricultural zones would be a reasonable accommodation to persons with disabilities. Accordingly, the attached proposed amendments to Title 22 (Zoning Ordinance) would provide for such an exemption. The Regional Planning Commission recommended approval of these amendments to the Zoning Ordinance at its public hearing on June 23, 2004.

Honorable Board of Supervisors
July 15, 2004

A public hearing is required pursuant to Section 22.16.200 of the County Code and Sections 65856 and 66016 of the Government Code. Required notice must be given pursuant to the requirements set forth in Section 22.60.174 of the County Code. These procedures exceed the minimum standards of Government Code Sections 6061, 65090, 65856, and 66016 relating to notice of public hearing.

ENVIRONMENTAL DOCUMENTATION

Staff has determined that these proposed draft service dog ordinance amendments should be granted a General Exemption from the California Environmental Quality Act (CEQA) pursuant to subsection 15061(b)(3) of the State CEQA Guidelines and subsection 401.A of the County of Los Angeles Environmental Document Procedures and Guidelines. This determination is based on the certainty that there is no possibility that this project will have a significant effect on the environment.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The proposed ordinance would ensure the availability of service dogs to more disabled persons. For these reasons, the proposed ordinance would increase the County's effectiveness in delivering services to certain persons with disabilities.

Respectfully submitted,

DEPARTMENT OF REGIONAL PLANNING

Director of Planning

RESOLUTION
REGIONAL PLANNING COMMISSION
COUNTY OF LOS ANGELES

WHEREAS, the Regional Planning Commission of the County of Los Angeles has conducted a public hearing on June 23, 2004 on the matter of amendments to Title 22 (Planning and Zoning) of the Los Angeles County Code relating to service dogs; and

WHEREAS, the Commission finds as follows:

1. The current provisions of the Zoning Ordinance, which limit the keeping of dogs as pets or for other purposes to three dogs per dwelling unit in residential and agricultural zones, do not distinguish between regular dogs and service dogs used by persons with disabilities, and this lack of distinction places an unnecessary burden on certain persons with disabilities.
2. The Animal Ordinance (Title 10 of the County Code) does currently make this distinction between service dogs and regular dogs, specifying special provisions for identification, tagging and license requirements for service dogs.
3. The County Board of Supervisors has expressed concern that the current three-dog limit may unreasonably pose a hardship to individuals with disabilities who already live in a multi-pet household.
4. Service dogs are a vital resource to individuals with disabilities, improving their quality of life in areas such as guiding, alerting to signals, pulling wheelchairs and picking up items.
5. Service dogs are considered reasonable accommodations for persons with disabilities who are in need of their services.
6. The purpose of the current three-dog limit is to control the amount of nuisances such as barking and dog-biting in residential neighborhoods; however, service dogs are specially trained not to cause such nuisances.
7. The proposed ordinance amendments would exempt service dogs from the 3-dog limit as an aid to persons with disabilities.
8. Corresponding amendments to the County Animal Ordinance (Title 10 of the County Code) are being undertaken by the Department of Animal Care and Control, and will be considered by the Board of Supervisors concurrently with these proposed amendments to the Zoning Ordinance.
9. The proposed ordinance amendments would be consistent with the Americans with Disabilities Act of 1990, which prohibits discrimination against persons

with disabilities, with the Federal Code of Regulations, which requires that public entities make reasonable accommodation allowances for service dogs for persons with certain disabilities, and with the Fair Housing Act of 1988, which requires owners to allow service dogs for certain persons with disabilities in all rental and public housing.

10. The proposed amendments are compatible with and supportive of the policies of the Los Angeles County General Plan in providing needed services to the residents of unincorporated areas of the County.
11. The proposed ordinance amendments are exempt from the provisions of the California Environmental Quality Act (CEQA) as provided in Section 15061(b)(3) of the State CEQA Guidelines (Title 14, Chapter 3 of the California Code of Regulations) in that it can be seen with certainty that this proposed ordinance will have no potential significant effects on the environment. The Commission further finds that this project is exempt from the payment of State Department of Fish and Game fees pursuant to Section 711.4(c)(2)(B) of the California Fish and Game Code.

THEREFORE, BE IT RESOLVED THAT the Regional Planning Commission recommend to the Board of Supervisors of the County of Los Angeles as follows:

1. That the Board consider the proposed ordinance amendments to Title 22 of the Los Angeles County Code exempting service dogs from the limit on the number of dogs kept per dwelling unit.
2. That the Board certify completion of and approve the attached General Exemption and find that the proposed amendments to Title 22 will not have a significant effect on the environment;
3. That the Board of Supervisors find that the adoption of the proposed ordinance amendments is *de minimus* in its effect on fish and wildlife resources, and authorize the Director of Planning to complete and file a Certificate of Fee Exemption for the project; and
4. That the Board adopt an ordinance containing modifications to Title 22 as recommended by this Commission, and determine that the modifications are compatible with and supportive of the goals and policies of the Los Angeles County General Plan.

I hereby certify that the foregoing resolution was adopted by the Regional Planning Commission of the County of Los Angeles on June 23, 2004.

Rosie O. Ruiz, Secretary
Regional Planning Commission
County of Los Angeles

SUBJECT: Draft Service Dogs Ordinance Amendment **Date:** May 11, 2004

This is a proposed ordinance amendment to exempt service dogs for disabled persons from the maximum number of dogs allowed per residential dwelling unit. The proposed ordinance would amend Sections 22.20.050 and 22.24.050 of the Zoning Ordinance (Title 22 of the County Code), which currently allows three dogs per dwelling unit, including service dogs.

It has been determined that this project qualifies for a General Exemption pursuant to subsection 15061(b)(3) of the State CEQA Guidelines (Review for Exemption) and subsection 401.A of the County of Los Angeles Environmental Document Procedures and Guidelines (Preliminary Review) because the project has no potential to cause a significant effect on the environment.

This document has been reviewed by Mr. Daryl Koutnik, Section Head of the Impact Analysis Section.

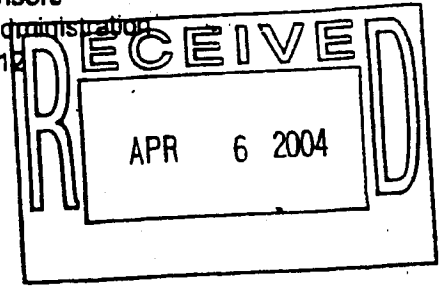

If you have any questions regarding the above determination or environmental document preparation, please contact Alyson Stewart of the Ordinance Studies Section at (213) 974-6432. Ms. Stewart can also be contacted at astewart@planning.co.la.ca.us.

NOTICE TO LEAD SECTION: A NOTICE OF EXEMPTION MAY BE FILED WITH THE COUNTY CLERK UPON APPROVAL OF THIS PROJECT.

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

County Counsel

At its meeting held March 30, 2004, the Board took the following action:

- 14 Supervisor Antonovich made the following statement:

"On January 27, 2004, this Board unanimously approved my motion which asked the Department of Animal Care and Control, the Department of Regional Planning, and County Counsel to provide a report on the State and Federal statutes regarding service animals and about ordinances from other cities and counties to determine how other local jurisdictions deal with the issue of classifying service dogs in the context of the number of dogs an individual is allowed to possess on one property."

"Federal law prohibits public entities from discriminating against a disabled person. A public entity is required to modify its animal control policies to reasonably accommodate a qualified disabled person who requires the use of a service animal."

"Service animals provide a vital resource for individuals with a disability. Typically, not only do service animals improve the quality of life of a disabled person, the animals become part of the family. Therefore, this County needs to amend the current ordinance to allow service dogs to be exempt from the three dogs per residence limit. This exemption will only serve to provide the accommodation necessary for disabled individuals and shall not be interpreted to mean that an individual does not have to follow other ordinances and regulations in regards to proper maintenance and disposal of excrement, barking and noise, and proper containment of the dogs. In addition, this exemption should only apply to an officially licensed service dog that belongs to a qualified disabled person."

(Continued on Page 2)

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Yaroslavsky, unanimously carried (Supervisor Knabe being absent), the Board instructed County Counsel to amend the applicable County ordinances to exempt a dog which is currently acting as an official service dog to a qualified disabled person, from the three dogs per residence limit.

**REGIONAL PLANNING COMMISSION
PUBLIC HEARING PROCEEDINGS
DRAFT SERVICE DOG ORDINANCE**

June 23, 2004

Staff presented the draft service dog ordinance to the Commission for their consideration. The ordinance exempts service dogs from the current three-dog per dwelling unit limit in residential and agricultural zones. This ordinance was prepared at the request of the Board of Supervisors.

Commissioners Modugno and Rew expressed concerns about service dogs in private rental apartment buildings that have restrictive pet policies. Staff pointed out that the Fair Housing Act and the Americans with Disabilities Act protect the right of disabled residents in such housing to have service dogs.

Commissioner Modugno also asked about service dogs in training that live in apartments with their trainers. He would like to see the proposed exemption expanded to allow the trainers to have dogs in training for up to a year in such residences.

Marcia Mayeda, director of the Department of Animal Care and Control pointed out that the Animal Ordinance definition of service dogs to be brought to the Board concurrently with the proposed Zoning Ordinance amendments only exempts service dogs that are already trained. Mayeda also concurred with Commissioner Modugno that dogs in training typically stay with the trainer for a year, and in almost all instances the trainer will have just one dog in training in their home at one time.

At the suggestion of Mr. Hoffman, the Commission decided to defer on the service dog in training issue until a later date, so as to expedite the responses by both Departments of Regional Planning and Animal Care and Control to the Board's specific directive.

The Commission then asked the staff to investigate the issue of service dogs in training in homes and apartments, contact training facilities, apartment associations and real estate brokers, and report back to the Commission with findings in the future.

The Commission voted 3-0 to recommend approval of the draft ordinance and transmit the ordinance to the Board of Supervisors for public hearing.
